

Code.Scripts.Weapons.Bullet.
OnAnythingHit

```
graph LR; A[Code.Scripts.Weapons.Bullet.  
OnAnythingHit] --> B[Code.Scripts.Weapons.Bullet.  
Destroy]
```

A diagram showing a flow from a function call to a method. On the left, a gray box contains the text 'Code.Scripts.Weapons.Bullet.OnAnythingHit'. A blue arrow points from this box to a white box on the right. The white box contains the text 'Code.Scripts.Weapons.Bullet.Destroy'.
